

46th SADC Summit 2026 Publication

The Summit publication offers you the whole of southern Africa, a regional market of 390 million people, and reaches top decision-makers throughout the 16 Member States of the Southern African Development Community (SADC). The publication provides an accessible update on regional integration and industrialisation, and other SADC activities toward Vision 2050.

The Southern African Research and Documentation Centre (SARDC) publishes this quality publication for each SADC Summit, and has been requested to do so for the next Summit of SADC Heads of State and Government to be hosted by South Africa. The publication is funded through advertising from governments and private sector, and is circulated in the region in print and online. This continues to be an online reference which is accessible through the SADC website at www.sadc.int or the SARDC website at www.sardc.net

Direct circulation reaches Heads of State and Government, key ministers and senior officials, as well as private sector, key agencies, parliaments, media and public. Advertorial and advertising space is available to reach this target group in a half-page, full-page, or double-page space. See booking form below.

As SADC marks 46 years since its formation in 1980, we extend to you a platform to feature as a partner in the journey toward regional development and prosperity. We urge you to act promptly to take up this opportunity to share current developments in SADC, while profiling your institution in this regional market.
